

Not only on the green but also at home or in your office. Nicht nur auf dem Grün, sondern auch zu Hause oder im Büro.

**tap in** is not longer than a putter. It has a small diameter of 4 cm x 2,5 cm and fits into every golf bag. As the device is made of aluminium it is light weight and does not rust.

**tap in** can be used completely simply. It is put to the soil, aligned to the goal and fixed if necessary with tees in the drillings. The end caps prevent slipping additionally.
